Repeat until all voices join.
Then proceed to m. 12.

Note:

In m.11, you can also use this measure as a chance to include the audience. Let them hear it a couple times, invite them to sing along, and then let the singers add harmonies of their own to create a larger, full-range sound.

Text:

Each word a stone
We can build a wall
Or a
path
to
each
other.
